# PREAMBLE - SPIRIT OF CRICKET

Cricket owes much of its appeal and enjoyment to the fact that it should be played not only according to the Laws, but also within the Spirit of Cricket.

The major responsibility for ensuring fair play rests with the captains, but extends to all players, match officials and, especially in junior cricket, teachers, coaches and parents.

**Respect** is central to the Spirit of Cricket.

- Respect your captain, team-mates, opponents and the authority of the umpires.

- Play hard and play fair.

- Accept the umpire's decision.

- Create a positive atmosphere by your own conduct, and encourage others to do likewise.

- Show self-discipline, even when things go against you.

- Congratulate the opposition on their successes, and enjoy those of your own team.

- Thank the officials and your opposition at the end of the match, whatever the result.

Cricket is an exciting game that encourages leadership, friendship and teamwork, which brings together people from different nationalities, cultures and religions, especially when played within the Spirit of Cricket.

- *The Discipline*
- *Key Rules*

# Rain Affected Games

There is no grace period for the match. If the start time is going to be pushed out then overs will have to be reduced.

5 mins let over is to get them completed. In this case when overs are being reduced they are being reduced from the whole match.

If let's say the umpires decide match start time will be 10:35. Total 35 mins are lost from the match. That accounts for 7 overs total. In this case both teams would lose 4 overs each.

1 over from each innings for every chunk of 1-10 mins lost.

## **Weather related announcement:**

Teams and Umpires are required to be on ground at the league assigned time. Umpires will assess the ground conditions for playability before deciding on play start time. If match start is delayed, toss should be conducted no more than 10 mins before the expected start of play. Reduce 1 over per innings for every 10 mins lost from the game. If the delay is at the beginning of match, no DLS is needed.

Minimum 5 overs per innings have to be played for a match to be considered complete, unless a batting team is all out or match result is received before the 5 overs are complete. If minimum overs are not complete, then both teams share points.

Umpiring fees will still be due if not a single ball is bowled.

Match can not be called off till 12:20 pm for the morning match and 4:05 pm for the evening game.
